Thursday, 14 November 2024

ECS Reference: C1239336

Dear Mr Connor-Rickard

### Your new ECS card

We are pleased to enclose your new ECS card.

The ECS scheme is instantly recognisable within the Electrotechnical industry and lets you demonstrate your skills and qualifications to employers, clients and customers.

### With your ECS card you can show:

- Your main electrical discipline, along with any other disciplines for which you are qualified
- Your JIB grade (where applicable)
- The card's recognition by CSCS
- You have met the minimum required health and safety level (confirmed by the ECS hologram)

We have improved the way we produce our cards, the ECS logo is now in full colour and the back of all our cards is white with a unique identifying barcode.

### Sign Up for MyECS!

If you've not already done so, please sign up for MyECS at [www.ecscard.org.uk/myecs](http://www.ecscard.org.uk/myecs) - you'll be able to view your card information and amend your contact details when you need to. This means you won't miss out on any card updates or renewal reminders.

If you need a receipt for your records it is available by logging onto your MyECS profile.

### Show Your Card with Pride...

Now that you have your card - please don't forget to show it to customers and clients - whether you're asked or not! Your ECS card demonstrates your status in the industry and proves your valuable skills and qualifications.

Yours sincerely

The ECS Processing Team

P.S. Don't miss out! ECS cardholders can access a range of benefits designed to support people working in the electrical industry - take a look overleaf for more details.
